How You Save on **Garments Trade** in 2027

THE CHINA+1 STRATEGY EXPLAINED

In 2027, rising production costs in China and shifting global trade policies make pure single-country sourcing risky. Smart brands and importers are adopting the **China+1 strategy** — maintaining China as a core supply base while adding a second production hub to diversify risk, reduce cost, and secure market access.

Bangladesh has emerged as the natural **"+1"** for garment sourcing — the world's second-largest ready-made garment (RMG) industry, competitive labor costs, EU EBA duty-free access, and maturing quality systems. It offers a compelling complement to China's mature supply chain ecosystem.

WHAT IS CHINA+1?

A business diversification strategy where companies keep their primary manufacturing base in China (for speed, quality, complex products, and supply chain maturity) while adding a second production location to achieve lower costs, tariff advantages, and supply chain resilience against geopolitical and trade disruptions.

Managing two countries brings challenges: **quality inconsistency**, **communication gaps**, **logistics coordination**, and **different compliance standards**. That is where Golden Stitch's integrated dual-setup becomes your advantage.

A PRODUCTION FLOOR OF A BANGLADESHI GARMENT FACTORY

The China–Bangladesh Dual-Setup Flow

REDUCE COST WITHOUT COMPROMISING QUALITY

INTEGRATED SUPPLY CHAIN FLOW

COST COMPARISON: SINGLE CHINA VS. DUAL SETUP

FACTOR	CHINA ONLY	BANGLADESH ONLY	DUAL SETUP ✓
Labor Cost	Higher	30-50% lower	Optimized
Fabric Quality	Premium range	Limited options	Best of both
Lead Time	Fast (30-45d)	Longer (45-75d)	Optimized split
EU Duty (EBA/GSP)	Full duty ~12%	Duty-free (knit)	Max benefit
US Duty	~19-20% reciprocal	~15-16% (no FTA)	Lowest duty routing
Complex Products	High capability	Limited	Full range
Supply Chain Risk	Single point	Single point	Diversified
Quality Control	Mature systems	Variable	China QC oversight

Dual-Setup Sourcing → Lower Cost · Higher Margins · Less Risk

15-25% COST SAVINGS	8-12% EU TARIFF SAVINGS	2× SUPPLY SECURITY	1 CONTACT POINT
------------------------	----------------------------	-----------------------	--------------------

Who Benefits from the **Dual Setup**?

EU/UK BUYERS · US BUYERS · CHINESE BRANDS · IMPORTERS & TRADERS

EU & UK CUSTOMERS

Duty-free access: Bangladesh-made knit garments enjoy **EBA (Everything But Arms)** duty-free entry to the EU and UK — saving ~8-12% in import duties vs. China-origin. Woven products require careful origin management; we handle this for you.

Risk diversification: Hedge against China-tariff volatility and supply chain disruption by splitting orders across two countries under one management team.

Quality assurance: Our Guangzhou-based QC team oversees every batch produced in Bangladesh — same standards, one accountable team.

US CUSTOMERS

Cost advantage: Even without duty-free access to the US, Bangladesh labor costs are 30-50% lower than China — passing **10-18% landed-cost savings** on basic/bulk items.

Resilience: Split orders across our China and Bangladesh bases to reduce concentration risk as US trade policy evolves; reserve China capacity for premium and technical items.

One contact: You don't manage two vendors — one contract, one set of samples, one QC standard, one consolidated shipment.

FOR CHINESE BRANDS & IMPORTERS / TRADERS

Chinese brands can leverage Bangladesh for cost-effective bulk basics while reserving China for premium, complex and fast-response orders. Going-global brands can use Bangladesh origin to enter high-China-tariff markets. Traders gain a **one-stop dual-country solution** — we handle cross-border coordination, QC, logistics consolidation and documentation; you deal with a single partner. We also provide **NDA / IP protection** and design ownership guarantees.

✓ DUTY-FREE ACCESS: 2027 & BEYOND

Bangladesh graduates from LDC status in Nov 2026. The EU EBA duty-free scheme continues through a **3-year transition to ~Nov 2029**, protecting all orders placed through 2027-2028. We manage **Rules of Origin compliance** (single transformation for knits; double-transformation planning for wovens via our own and partner fabric development in Bangladesh) and will transition smoothly to the next GSP framework. You can place orders with confidence — **we have already solved the 2029 question before you asked it.**

How Golden Stitch Supports You

END-TO-END DUAL-SETUP MANUFACTURING SOLUTIONS

We are not just a factory — we are your **integrated garment supply chain partner**. With Guangzhou HQ and a dedicated liaison office in Dhaka, we manage every step of cross-border production so you don't have to.

01

Dual-Country Production

Choose China for premium/complex/fast orders; Bangladesh for cost-effective bulk basics. We advise the optimal split by product, market and timeline.

02

OEM & ODM Manufacturing

Produce from your tech packs, or use our in-house design team — including 3D sampling, trend research and collection development tailored to your market.

03

Fabric & Material Sourcing

Direct access to China's premium fabric markets (PRD, Keqiao, Changzhou) and Bangladesh's cotton/denim mills — best materials at mill-direct prices.

04

Unified Quality Control

Guangzhou QC sets the standard; in-line + final AQL 2.5 inspection on every batch. Third-party inspection (SGS/BV/Intertek) always welcome.

05

Sample Development

Proto / fit / pre-production / salesman samples developed fast from Guangzhou, with digital previews and free counter-samples for qualified buyers.

06

Consolidated Shipping

Combine China and Bangladesh production into one shipment. EXW / FOB / CIF / DDP supported; full export documentation (CO, BL, packing list).

SIMPLE 6-STEP ORDER PROCESS

1

Inquiry

Share design/tech pack; get a quote and production routing within 24 hours.

2

Quote & Sampling

Detailed quotation + fabric swatches; proto sample in 7–10 working days.

3

PP Approval

Fit/pre-production sample approved; bulk production formally released.

4

Bulk Production

30–45 days (China) / 45–75 days (Bangladesh) after PP approval; weekly photo reports.

5

QC Inspection

In-line + final AQL 2.5 inspection; report shared before shipment. Defects reworked FOC.

6

Delivery

Consolidated sea/air freight; EXW/FOB/CIF/DDP; full documentation delivered digitally.

QUICK ANSWERS

1. Can you send samples before we commit?

Yes — proto samples are developed in 7–10 days. For qualified buyers, counter samples are free of charge (courier collect).

2. Do you allow third-party inspections?

Absolutely. SGS, Bureau Veritas, Intertek or your own QC team are welcome at any production stage — in-line or pre-shipment.

3. Can I visit the factories?

Yes. We arrange escorted factory visits in both Guangzhou and Dhaka with advance notice — including audit scheduling for BSCI/SEDEX reviews.

Our Dhaka Liaison Office

ON-THE-GROUND PRESENCE IN BANGLADESH

Golden Stitch Liaison Office (Comfit Textiles) — Dhaka, Bangladesh

Our Dhaka office is staffed by a bilingual (Chinese/Bangla/English) team with deep experience in the Bangladesh RMG sector. They oversee factory selection, production monitoring, quality inspection on the ground, and local logistics coordination — ensuring that every order produced in Bangladesh meets the same Golden Stitch quality standards as our China production.

What the Dhaka office does for you:

- ◆ **Factory vetting & selection:** BGMEA-certified factories in Dhaka, Chittagong, Gazipur — BSCI, SEDEX, WRAP, Accord/Alliance compliant.
- ◆ **On-site production monitoring:** Daily tracking, in-line QC, real-time photo/video reports to Guangzhou HQ.
- ◆ **Pre-shipment inspection:** Final AQL 2.5 inspection in Bangladesh before goods leave the factory.
- ◆ **Local logistics & documentation:** Chittagong port coordination, EPB documentation, certificate of origin processing.
- ◆ **Cultural & language bridge:** Team speaks Chinese, Bengali, English — eliminating communication gaps that cause costly errors.

Step 1 — Inquiry & Consultation (Guangzhou)

Share requirements; we recommend the optimal China/Bangladesh split based on product, budget, timeline and destination market.

Step 2 — Sampling & Approval (Guangzhou)

All samples are developed and approved through our Guangzhou sample room to lock quality standards before any bulk begins.

Step 3 — Production & QC (China / Bangladesh)

Bulk runs in selected location(s); QC teams in both Guangzhou and Dhaka run multi-point in-line and final inspections, with weekly photo/video reports.

Step 4 — Consolidation & Shipping (One Partner)

Goods consolidated, documents prepared, shipped to your destination — one invoice, one contact, one accountable partner from inquiry to delivery.

Commercial Terms at a Glance

CLEAR TERMS · NO SURPRISES · 商务条款一览

Transparent commercial terms are the foundation of trust. Below are our standard terms — all negotiable for strategic accounts and repeat orders.

MOQ 200 pcs 100 pcs trial	PAYMENT 30/70 TT L/C at sight	INCOTERMS FOB EXW/CIF/DDP	SAMPLE 7-10 days Free for qualified	LEAD TIME 30-75 days by location	QC STANDARD AQL 2.5 3rd party welcome
--	--	--	--	---	--

TERM	OUR STANDARD
MOQ	200 pcs per style per colour for standard orders; 100 pcs small-batch available for new brand clients and trial orders; 50 pcs for sample-style development orders.
Payment Terms	30% deposit upon order confirmation, 70% balance against copy of B/L. Irrevocable L/C at sight accepted for orders over USD 50,000. Alternative terms negotiable for long-term partners.
Incoterms	Standard FOB (Chittagong / Guangzhou) . Also available: EXW, CIF, DDP door-to-door for selected destinations.
Currency	USD (preferred), EUR, CNY. Payments via TT bank transfer, Alibaba Trade Assurance, or L/C.
Sample Policy	Proto samples: 7-10 working days . Sample fee refundable on bulk order placement. Counter samples / salesman samples free for qualified buyers (courier collect).
Bulk Lead Time	China: 30-45 days after PP sample approval. Bangladesh: 45-75 days . Urgent orders can be expedited to 21 days for priority China production.
Packaging	Individual polybag + size sticker; export carton (standard 60×40×40cm); custom hangtags, labels, barcodes, tissue paper and gift boxes per buyer spec.
Quality Claims	Any defect over AQL 2.5 is reworked FOC or credited against next order. Claims accepted within 30 days of goods arrival with photo evidence and third-party report if applicable.
IP Protection	Signed NDA provided on request . All buyer designs, tech packs, patterns and branding remain exclusive property of the buyer; never shared or resold.

QUOTATION WITHIN 24 HOURS

Send your tech pack / design reference, target quantity and destination market to inquiry@goldenstitch.co — we return a detailed FOB quotation with fabric recommendations, production routing (China vs Bangladesh) and timeline within one working day.

Capabilities, Certifications & Compliance

FULL-RANGE MANUFACTURING · AUDITED · EU & US READY

PRODUCT CAPABILITY

- ✓ Knit, woven, sweater, denim, lingerie, technical outerwear
- ✓ Fabric GSM 80-400; cotton, polyester, linen, rayon, nylon, blends
- ✓ Prints (screen/digital/sublimation), embroidery, appliqué, wash effects
- ✓ Taped seams, waterproof, breathable membranes for outdoor
- ✓ Baby & kids (CPSIA-compliant snaps, drawstring-free)

TECHNICAL SERVICES

- ✓ Full size grading (US/EU/UK/Asian) with full spec sheets
- ✓ Tech-pack creation & review; 3D virtual sampling (CLO/Browzwear)
- ✓ Lab-dip & fabric development; shrinkage & colourfastness testing
- ✓ Trend & colour forecasting 12 months ahead of season
- ✓ Custom labels, hangtags, polybags, cartons — all under one roof

· Gold cards indicate top-tier anchor brands · 80+ brands served in total · Contact us for client references

LET'S BUILD YOUR NEXT COLLECTION TOGETHER

Every factory in our network is already audited, compliant and producing for the world's leading brands — so you **don't carry the risk of vetting an unproven supplier**. We match your programme to the right mill, manage production on the ground, and deliver consolidated shipments — one contact, one accountable partner. Client references available on request under NDA.

The Golden Stitch Story

FIVE DECADES OF EXPERIENCE · ONE HOUSE · 金缝

Golden Stitch 金缝 — five decades of experience. One house. There is no learning curve for your order — only the next chapter.

1994

Mohammad Masudur Rahman begins his merchandising career in Dhaka, rising to Executive Director delivering for Inditex, H&M, Bestseller, Decathlon, Walmart and 20+ global brands.

2008

Mahabub Rahman Siddique enters the industry; over the next 18 years he leads production planning at APS Group, operations at Siji Garments, and knit business development at Youngone.

2015

Mahabub founds **Care Trimtex Sourcing**, uniting sourcing and trim expertise under one roof.

2018

He launches **Comfit Textile Solutions** as Managing Director — our own manufacturing hub in Bangladesh, not a brokered one.

2011–2026

Dr. Md Ahsan Habib builds 15+ years of merchandising, Chinese supply chain expertise, earning a PhD from UCAS and publishing research articles in international journals.

Today

Three careers, **50+ years of combined experience**, one house: Guangzhou-based Golden Stitch, with owner-operated manufacturing in Bangladesh and fabric sourced direct from Chinese mills. Guangzhou Golden Stitch Garments Co., Ltd. is the legal contracting entity for all orders.

The Team Behind Every Stitch

50+ YEARS COMBINED EXPERIENCE · OWNER-OPERATED · ONE ACCOUNTABLE HOUSE

Golden Stitch is built by three careers spanning Bangladesh manufacturing, China supply chain and global merchandising — not brokers, not middlemen, but owners who operate every link of the chain.

FOUNDING PARTNER · BANGLADESH MANUFACTURING LEAD

Mohammad Masudur Rahman

30+ years in Bangladesh RMG merchandising, rose to Executive Director at leading export groups. Delivered production programs for Inditex (Zara), H&M, Bestseller, Decathlon, Walmart and 20+ global brands across knit, woven and outerwear categories.

Contact directly to Mr. Masud: masud@goldenstitch.co

MANAGING DIRECTOR · GUANGZHOU HQ & COMFIT TEXTILE

Mahabub Rahman Siddique

18 years across production planning (APS Group), factory operations (Siji Garments) and knit business development (Youngone). Founded Care Trimtex Sourcing in 2015, launched owner-operated manufacturing hub Comfit Textile Solutions in Bangladesh in 2018 — runs dual-country production end-to-end.

Contact directly to Mr. Mahabub: mahabub@goldenstitch.co

CHINA SUPPLY CHAIN DIRECTOR · PHD, UCAS

Dr. Md Ahsan Habib

12+ years based in China, deep expertise across the Pearl River Delta fabric and accessories ecosystem. PhD from the University of Chinese Academy of Sciences (UCAS), published in Nature Communications. Leads direct fabric sourcing from Chinese mills and Guangzhou-based quality oversight.

Contact directly to Dr. Habib: habib@goldenstitch.co

OWNER-OPERATED, NOT BROKERED

Unlike trading companies that pass orders between third-party factories, Golden Stitch runs its own manufacturing in Bangladesh through Comfit Textile and sources fabric directly from Chinese mills — so quality, lead time and cost are under our direct control, with one accountable team from inquiry to delivery. All contracts are issued by Guangzhou Golden Stitch Garments Co., Ltd., a registered Chinese legal entity.

Our Collections

WHAT TYPES OF GARMENTS & GOODS WE DEAL

Golden Stitch manufactures a comprehensive range of garments and soft goods for men, women, and children, as well as bags and luggage items. From everyday basics to specialized sportswear, from newborn bodysuits to travel luggage — our dual-setup covers all your sourcing needs under one roof.
